

ISO/IEC 17025
ISO 9002

The HRD Certificates Department is BELTEST accredited for the quality examination of polished diamonds under ref. N° 047.

This certificate may not be reproduced by any means whatsoever unless complete.

colour certificate no. 20023104801

The stone in accordance with the above mentioned number has been identified as a natural gem diamond and has the following description :

shape cushion
weight 7.55 ct
measurements 11.91 - 10.69mm x 7.34mm
luminescence
lw 366 nm nil
sw 254 nm nil

colour description FANCY PINKISH BROWN, NATURAL COLOUR

colour origin

natural X
treated

The here mentioned findings result from scientific measurements and observations carried out in the laboratory of the Diamond High Council and, when necessary, in the "Solid State Physics" laboratory of the University of Antwerp (RUCA).
The decisions are taken according to the knowledge and literature about colour and colour treatment of diamonds known at the time of the examination.
